Please note that projects may not be typed. Do not copy information from the internet that you do not understand as you will not be able to answer questions based on this information. Please do not buy anything from or have anything made. If, for example, your child is asked to make a house from a shoebox and you bring something made by a professional they will immediately lose 50% of their mark.

When projects are given to students they will be given a deadline. This is the date that the project **MUST** be handed in to their teacher by. The class teacher will take students aside at some stage to ask questions based on each project to ensure that the information is understood by the student presenting the projects.
